

Family Snapshots

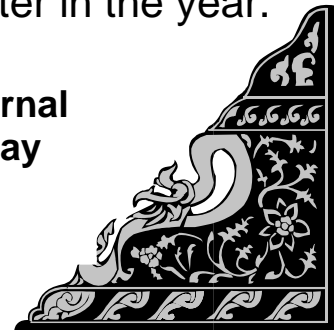

Parents,

Your child has the privilege to enjoy this take home bag with you this evening. Follow these simple instructions:

1. Read the story, "Grandpa Baxter and the Photographs." Discuss the story as you read it, talking about the different family events shown and compare them to your own family's special times.
2. Choose a special time that your family had together and discuss it with your child. Talk about how old your child would have been, where your family was, and what you did together.
3. Have your child draw a picture of this special time and then have your child write a few sentences describing what was happening. Encourage your child to use good describing words in their writing.
4. Work on the family tree together.
5. Take one picture of your child with all or part of the family using the camera. You will receive a copy once all the pictures are developed later in the year.

**Please return the Snapshot journal
and the storybook, but you may
keep your family tree.**
